    (1) ("0709216").PN.
    (232) (709/216).CCLS.
    (0) (access$3 same memory same (radio adj telephon$3)) and 709/208-219.ccls.
    (2) (access$3 same (radio adj telephon$3)) and 709/208-219.ccls.
    (0) (access$3 same memory same dsp same terminal) and 709/208-219.ccls.
    (13) (access$3 same memory same dsp) and 709/208-219.ccls.
    (48) access$3 same memory same (mobile or (radio adj telephon$2)) same dsp
    (92) access$3 same memory same dsp same terminal
    (269) access$3 same shared same memory same dsp
    (4) (access$3 same shared same memory same dsp) and 709/208-219.ccls.
    (29) 710/$.ccls. and (access$3 same shared same memory same dsp)
    (26) access$3 same shared same memory same (multi adj process$3) same (external$3 or terminal)
    (2) processor same harvard same architecture same double
    (314) processor same harvard same architecture
    (241) memory same (processor same harvard same architecture)
    (3) (multi adj processor) same (memory same (processor same harvard same architecture))
    (3) (multi adj process$3) same (memory same (processor same harvard same architecture))
    (8) shared same (memory same (processor same harvard same architecture))
    (2) (multi adj process$3) same bridge same terminal
    (198) (multi adj process$3) same bridge
    (121) (shared adj memory) same bridge
    (4) ((multi adj process$3) same bridge) same shared
    (4) dsp same ((shared adj memory) same bridge)
    (0) dsp same ((multi adj process$3) same bridge)
    (6) dsp same bridge same microcontroller same memory
    (96) pcs1900
    (1) dsp same pcs1900
    (1) pcs1900 and dsp and microcontroller and memory
    (17) (multi adj process$3) and (dcs1800 or pcs1900 or gsm or is95 or is136)
    (0) processor same (("128" adj bit) adj (data adj bus)) same bridge
    (0) (("128" adj bit) adj (data adj bus)) same bridge
    (72) ("128" adj bit) adj (data adj bus)
    (8) (multi adj process$3) and (("128" adj bit) adj (data adj bus))
    (0) (multi adj process$3) same ((radio adj telephon$2) or radiotelephon$3)
    (21) (multi adj process$3) and ((radio adj telephon$2) or radiotelephon$3)
    (2) (multi adj process$3) same terminal same bridge
    (63) (multi adj process$3) and (terminal same bridge)
    (1) ("128" adj bit) and 6526462.pn.
